PLEASE CALL FOR DETAILS WITH YOUR SPECIFIC FASTENING PROJECT.

MUSHROOM HEAVY DUTY SPIKE

Powers

The SPIKE® anchor is a patented, one-piece, tamper-proof vibration resistant anchor for use in concrete, block, brick or stone. Several head styles and anchor materials are available. The SPIKE® anchor is formed with an “s” shaped configuration at the working end of the anchor to create an expansion mechanism. Since the anchor is pre-expanded, there is no secondary tightening operation required which greatly reduces the overall cost of an anchor installation.

VARIETY OF SIZES AVAILABLE. ALSO IN FLAT HEAD SPIKE.

100 PER BOX

FLUTED PLASTIC PLUG

Powers

The Fluted Plastic Anchor is designed for light duty fastening applications with sheet metal or wood screws. Longitudinal ribs on the anchor body prevent it from turning during tightening of the screw. This inexpensive plastic screw anchor comes color-coded by diameter for easy application. The anchor is recommended for light duty static applications where holding power is not a critical factor. It should not be used overhead.

Variety of sizes available.

100 per box

BANTAM PLASTIC PLUG

Powers

The Bantam Plug™ anchor is a plastic anchor designed for use with lightweight fixtures with a sheet metal or wood screw. The anchor is recommended for light duty static applications where holding power is not a critical factor. It should not be used overhead.

VARIETY OF SIZES AVAILABLE
100/BOX

POWER BOLT SLEEVE ANCHOR

Powers

The Power-Bolt™ anchor is a heavy duty sleeve style undercut anchor which is vibration resistant and removable. It is available with a finished hex head or flat head with a hex key insert and can be used in concrete, block, brick, or stone.

VARIETY OF LENGTHS AND DIAMETERS AVAILABLE.
ALSO AVAILABLE IN FLAT.
QUANTITY PER BOX VARIES BY SIZES.

Fasteners & Anchors from Hilti

Most anchoring & fastening systems from Hilti available! Please contact your local Stetson Building Products, Inc. location for more specific details!

SLEEVE ANCHOR

Powers

The Lok-Bolt™ anchor is a pre-assembled single unit sleeve anchor available in carbon steel and stainless steel which can be used in concrete, block, brick and stone. Extension sleeves are added to create longer lengths.

VARIETY OF SIZES AVAILABLE. PLEASE CALL FOR DETAILS.

DROP-IN ANCHOR

Powers

The Steel Drop-in is an all-steel, machine bolt anchor available in carbon steel and two types of stainless steel. It can be used in solid concrete, hard stone, and solid block. A coil-thread version for forming applications is also available.

Variety of Sizes available and in stock.
Setting Tools also available.

NYLON NAILIN

Powers

The Nylon Nailin® is a pin drive anchor with a body formed from engineered nylon and nails available in carbon and stainless steel. The anchor can be used in concrete, block, or brick. This anchor is not recommended for applications overhead.
