

## WHEELBARROWS AND ACCESSORIES

### **Brentwood Industries**

#### WHEEL WHEELBARROWS

Structural steel channel undercarriage will stand up to the most demanding job site work. Oversized 60" North American Hardwood handles enable you to lift the heaviest of loads. Brentwood's UV stabilized polyethylene pan is extremely rugged, easy to clean, and stays looking good, job after job. Tire options: standard 1 wheel 6" wide tire; 2 wheel stud tire. Also available with extra heavy duty 4.80-8 4 ply rated saw tooth ribbed, and solid urethane for rough surfaces where flat tires are a problem. Provided with complimentary handle grips.

**VARIETY OF WHEELBARROWS AVAILABLE FROM BRENTWOOD INDUSTRIES.  
6 & 7 CUBE WITH DOUBLE & SINGLE WHEELS.
