

HILTI POWDER TOOLS

GX 100 GAS-DRIVEN FASTENING TOOL

Hilti

Fully automatic, gas-driven fastening tool designed specifically for interior finishing applications (drywall track, hat track, angle track). The GX 100 utilizes a wide range of fasteners from 1/2" to 1 5/8" in length. The GX 100 system is the only gas-driven system capable of fastening at a high rated of speed into concrete, steel, and concrete block without the use of a rechargeable battery.

ITEM # 191670

DX 35 POWDER TOOL

Hilti

Semi-automatic powder actuated tool for medium to high volume applications, fastening many types of pins, studs, clips, and clip assemblies. This tool fastens pins from 1/2" to 1 1/2" to concrete, steel, and other suitable base materials. There is also a pole tool available for ceiling applications.

ITEM # 191489

DX 36M DELUXE POWDER TOOL

Hilti

The world's best selling semi-automatic powder actuated tool. Fastens over 140 different sizes of Hilti fasteners, clips, and threaded studs. This single shot tool fastens pins from 1/2" to 2 7/8" to concrete, steel, and other suitable base materials.

ITEM # 191490

DX 351 WITH MX32 MAGAZINE & SINGLE BASEPLATE POWDER TOOL

Hilti

Lightweight, fully automatic powder-actuated tool with 10-fastener magazine for high volume fastening applications. The MX magazine answers your need for speed letting you fasten up to 700 pins per hour! With the simple "push-in" system, reloading is quick and easy. Supplied in an impact-resistant plastic carrying case with accessories (extra piston, safety goggles, cleaning brushes, cleaning cloth, Hilti spray and operating instructions).

ITEM # 191495

DX351 WITH SINGLE BASE PLATE POWDER ACTUATED TOOL

Hilti

Lightweight, fully automatic powder-actuated tool designed primarily for interior finish and mechanical/electrical applications (drywall track, ceiling clip assemblies, conduit, cable hangers). Collated pins and boosters reduce reloading time.

Impact-resistant plastic carrying case, safety glasses, cleaning brushes, cleaning cloth, rubber stabilizer, Hilti spray and operating instructions.

ITEM # 191496

DX 460 WITH MX72 MAGAZINE POWDER TOOL

Hilti

General purpose, single shot tool for all markets. This system has endured countless months of jobsite and laboratory testing to ensure a long life expectancy, especially in high production use.

With impact-resistant plastic toolbox, single fastener guide, spare piston, cleaning set, spare buffer, ear protectors, safety glasses, and Hilti lubricant spray.

ITEM # 191500
